Sir:

Prior to examination, please amend the above-identified application as follows:

In the Claims

Please substitute the following amended claims for those currently pending:

6. (Once Amended) A wafer carrier for holding wafers in a substantially horizontal arrangement, the wafers having a lower surface, the carrier having an open front, a backside, a top portion, a bottom portion, a left side and a right side, the carrier further comprising:

a pair of wafer support columns extending from the top portion to the bottom portion, one support column located at the right side and one located at the left side, each wafer support column comprised of a plurality of vertically arranged elongate shelves, each shelf comprised of at least two upwardly extending elongate beads oriented inwardly with respect to the wafers and transversely with respect to the plurality of vertically arranged shelves for providing minimal contact with the lower surface of a wafer at each bead, each shelf further having an insertion level and a seating level for a wafer, whereby a wafer may be inserted into the carrier through the
